- **DIVERSITY, EQUITY AND INCLUSION SHARED STORY**
 - This Friday, August 26th is Women's Equality Day - a day to commemorate the adoption of the Nineteenth Amendment, ensuring women's legal right to vote in the United States. Today, we celebrate this important step towards gaining equal voting rights while still acknowledging that not all women of color were able to exercise their right to vote without restrictions until 45 years later when the Voting Rights Act of 1965 was passed. Women's Equality Day reminds us of the hurdles overcome by the heroic women who faced violence and discrimination in their efforts to continuously advance the Women's Movement.
- **Make it a great day on purpose!**
